

Special Issue

From Grapes to Wine: Trend of 2022

Message from the Guest Editors

This Special Issue focuses on recent advances regarding grapes, wine and winemaking byproducts and the corresponding analysis for determination of the bioactive compounds and their activities. It is also important to present new winemaking techniques aimed at improving the bioactivity of wine and different applications of byproducts. We welcome both original research and review articles.

About the Journal

Message from the Editor-in-Chief

Foods (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, *Foods* has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.
