Special Issue

Fungal Diversity in Forest Ecosystems

Message from the Guest Editors

Macrofungi, as an important component in forest ecosystems, consist of most members of Basidiomycota and some members of Ascomycota, having important economic values and ecological functions. The fungal diversity is very high in forest ecosystems, and many taxa are still unknown. This Special Issue on the Fungal Diversity in Forest Ecosystems is focused on macrofungi in forests, especially on fungal diversity, fungal ecology, molecular phylogeny, systematics, and forest pathology. Reviews and research articles may focus on any group of wood-inhabiting or mycorrhizal fungi. Edible or medicinal fungi in forest are welcome, too.

About the Journal

Message from the Editorial Board

Forests (ISSN 1999-4907) is an international and cross-disciplinary, scholarly forestry journal. The distinguished editorial board and refereeing process ensures the highest degree of scientific rigor and review of all published articles. Original research articles and timely reviews are released online, with unlimited free access. Our goal is to have *Forests* be recognized as one of the foremost publication outlets for high quality, leading edge research in this broad and diverse field. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global forestry community.

Editors-in-Chief

Prof. Dr. Cate Macinnis-Ng
Department of Biological Sciences, Faculty of Science, University of Auckland, Private Bag 92019, Auckland 1142, New Zealand

Prof. Dr. Giacomo Alessandro Gerosa
Department of Mathematics and Physics, Catholic University of Brescia, I-25121 Brescia, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, GEOBASE, PubAg, AGRIS, PaperChem, and other databases.

Journal Rank:

JCR - Q1 (Forestry) / CiteScore - Q1 (Forestry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.9 days after submission; acceptance to publication is undertaken in 2.5 days (median values for papers published in this journal in the first half of 2024).
