Special Issue

Economic and Policy Analysis in Sustainable Forest Management

Message from the Guest Editors

Economic and policy analysis is vital in forest management, harmonizing economic growth, environmental protection, and social welfare. This Special Issue welcomes research papers that shed light on the intricate interplay between economics and policy in sustainable forest management. This involves a range of research areas, including analyzing the cost and benefits of various forest applications, evaluating the efficiency of policies, examining the influence of international or national agreements on forests, and utilizing green technologies that support sustainable forest management or decision making. Furthermore, the Special Issue aims to explore the incorporation of indigenous and local knowledge into forest management practices, with the goal of fostering positive outcomes for environmental preservation, socio-economic considerations, and the enduring sustainability and productivity of the forest sector.

About the Journal

Message from the Editorial Board

Forests (ISSN 1999-4907) is an international and cross-disciplinary, scholarly forestry journal. The distinguished editorial board and refereeing process ensures the highest degree of scientific rigor and review of all published articles. Original research articles and timely reviews are released online, with unlimited free access. Our goal is to have *Forests* be recognized as one of the foremost publication outlets for high quality, leading edge research in this broad and diverse field. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global forestry community.

Editors-in-Chief

Prof. Dr. Cate Macinnis-Ng
Department of Biological Sciences, Faculty of Science, University of Auckland, Private Bag 92019, Auckland 1142, New Zealand

Prof. Dr. Giacomo Alessandro Gerosa
Department of Mathematics and Physics, Catholic University of Brescia, I-25121 Brescia, Italy

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, GEOBASE, PubAg, AGRIS, PaperChem, and other databases.

Journal Rank:

JCR - Q1 (Forestry) / CiteScore - Q1 (Forestry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.9 days after submission; acceptance to publication is undertaken in 2.5 days (median values for papers published in this journal in the first half of 2024).
