

## Special Issue

# Advances in Fundamental Physics II

### Message from the Guest Editor

This Special Issue continues celebrating the opening of a new section of the journal *Foundations: Physical Sciences* - after the great success of the first Special Issue of the same title. We invite theoretical and experimental studies related to all areas of fundamental physics. We welcome reviews and regular research papers without imposing any restrictions on the length of the paper. We also welcome short communications. These are expected to contain a preliminary presentation of interesting, potentially important ideas.

---

### Guest Editor

Prof. Dr. Eugene Oks

Department of Physics, Auburn University, Auburn, AL 36849-5319,  
USA

---

### Deadline for manuscript submissions

closed (31 August 2023)

#### Author Benefits

##### Open Access:

free for readers, with article processing charges (APC) paid  
by authors or their institutions.

##### Rapid Publication:

manuscripts are peer-reviewed and a first decision is  
provided to authors approximately 32.4 days after  
submission; acceptance to publication is undertaken in 4.9  
days (median values for papers published in this journal in  
the first half of 2024).

##### Recognition of Reviewers:

APC discount vouchers, optional signed peer review, and  
reviewer names published annually in the journal.
