

Topical Collection

Innovative People-Centered Solutions Applied to Industries, Cities and Societies

Message from the Collection Editors

In order to contribute to addressing this paradigm, this Topical Collection intends to collect the current developments and future directions of people-centered solutions applied to industry. Hence, we encourage authors to submit original papers related to these fields and disseminate their knowledge to society. All the articles must be people-centered and/or focus on industry. Potential topics include, but are not limited to:

- Internet of Things
- Progressive web app
- Pervasive and cloud computing
- Bring Your Own Device (BYOD) solutions
- Artificial intelligence and machine learning
- Web/mobile solutions
- Big data, open data and analytical tools
- Smart cities
- Wellbeing solutions
- Smart solutions
- Augmented reality
- System interoperability
- Blockchain
- System and applications security
- Industry 4.0

About the Journal

Message from the Editor-in-Chief

Future Internet is a fast-growing journal devoted to rapid publications of the latest results in the general areas of computer networking/communications and information systems, with a focus on the Internet of Things, big data and augmented intelligence, smart systems (in terms of technologies, architectures, and applications), network virtualization, edge/fog computing, and cybersecurity. Both theoretical and experimental papers are welcome. Every year, *Future Internet* also features Special Issues dedicated to specific topics within the journal's scope.

Editor-in-Chief

Prof. Dr. Gianluigi Ferrari
Department of Engineering and Architecture, University of Parma,
Parco Area delle Scienze, 181/A, 43124 Parma, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, ESCI (Web of Science), Ei Compendex, dblp, Inspec, and other databases.

Journal Rank:

JCR - Q2 (Computer Science, Information Systems) /
CiteScore - Q1 (Computer Networks and Communications)
