

## Special Issue

# The Joys and Challenges of Record-Keeping for and Tracing African American Ancestry

### Message from the Guest Editors

Tracing our ancestry has always been an important part of our sociocultural and racial and ethnic identities. This process has become a hot topic and trend in the United States. Tracing our roots and knowing our ancestry is an important aspect of developing our social identities. This Special Issue on “The Joys and Challenges of Record-Keeping for and Tracing African American Ancestry” invites contributions of papers, personal narratives, and conceptual pieces related to the keeping of African American family records and/or tracing and researching African American families. Contributions may explore the joys and challenges of keeping African American individual and family histories, searching African American family histories for biological and adoptive families, conducting scholarly research about African American individuals and/or families, and African American adoption histories. Submissions from historians, sociologists, anthropologists, cultural researchers, archivists, and historical librarians and centers are highly encouraged.

## About the Journal

### Message from the Editorial Board

*Genealogy* is a scholarly journal that provides a venue for academic, cutting-edge contributions to the interdisciplinary field of genealogy studies. We welcome contributions that examine genealogies of family lineage, use genealogical considerations and methods in examining other historical processes (including migration histories, personal, social, and national identities, and social institutions) or study the construction of genealogical narratives. The journal is also interested in biographical studies and their contribution to the understanding of broader social and historical phenomena.

### Author Benefits

#### High Visibility:

indexed within Scopus, ESCI (Web of Science), and many other databases.

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 26.9 days after submission; acceptance to publication is undertaken in 5.8 days (median values for papers published in this journal in the first half of 2024).

#### Recognition of Reviewers:

reviewers who provide timely, thorough peer-review reports receive vouchers entitling them to a discount on the APC of their next publication in any MDPI journal, in appreciation of the work done.
