

## Special Issue

# The Influence of Mental Health Services on Health Outcomes and Well-Being

### Message from the Guest Editor

In recent years, the intricate relationship between mental health and overall well-being has emerged as a pivotal area of concern in healthcare. Recognising the pivotal role of mental health services in shaping individuals' health outcomes and overall quality of life, we are pleased to invite researchers and experts from diverse disciplines to contribute to our upcoming Special Issue, entitled "The Influence of Mental Health Services on Health Outcomes and Well-Being". This multifaceted connection between mental health services, health outcomes, and well-being forms the cornerstone of our understanding of holistic healthcare and has received widespread attention. This Issue aims to provide a comprehensive exploration of the complex interplay between mental health services, health outcomes, and well-being, shedding light on novel insights, empirical findings, and innovative approaches in this domain. We encourage prospective contributors to consider these areas of interest and to contact our editorial office for any inquiries or clarifications.
