Editorial Board Members' Collection Series: Integrated Surface Water and Groundwater Resources Management

Message from the Guest Editors

We are pleased to announce a new Special Issue entitled “Editorial Board Members’ Collection Series: Integrated Surface Water and Groundwater Resources Management”, which will collect papers invited by the Editorial Board Members. The aim of this Special Issue is to provide a venue for networking and communication between *Hydrology* and scholars in the field of surface water and groundwater resources management. All papers will be published in an open access format following peer review. *Guest Editors*
