

Special Issue

New Advances in Diabetes

Message from the Guest Editor

Given the importance of diabetes, the International Journal of Environmental Research and Public Health (IJERPH) is launching a Special Issue entitled “New advances in diabetes” with the aim of gathering accurate and up-to-date scientific information on all aspects of diabetes. We are pleased to invite you and your co-workers to submit original research articles and review articles aimed at providing a comprehensive overview of the advances in the understanding and treatment of this disease.

Guest Editor

Prof. Dr. David Carabantes-Alarcón

Department of Public Health and Maternal & Child Health, Faculty of Medicine, IdiSSC, Universidad Complutense de Madrid, 28040 Madrid, Spain

Deadline for manuscript submissions

14 March 2025

About the Journal

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Discovery and advances in this research field play a critical role in providing a scientific basis for decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards. *IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality, peer-reviewed, open access journal.

Editor-in-Chief

Prof. Dr. Paul B. Tchounwou

RCMI Center for Urban Health Disparities Research and Innovation,
Richard N. Dixon Research Center, Morgan State University, Baltimore,
