Latest Review Papers in Molecular Pharmacology 2024

Message from the Guest Editor

This Special Issue aims to collect high-quality review papers in all topics related to molecular pharmacology for 2024. We encourage researchers from related fields to contribute review papers highlighting the latest developments in molecular pharmacology, or to invite relevant experts and colleagues to do so.

Comprehensive, authoritative reviews are strongly encouraged.

About the Journal

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.
