

## Special Issue

# Maternal and Infant Health: The Molecular Nutrition Perspective

### Message from the Guest Editor

The objective of this Special Issue on “Maternal and Infant Health: The Molecular Nutrition Perspective” is to showcase the latest research capturing the breadth of DOHaD, from basic science to clinical research.

As *IJMS* is a journal of molecular science, submissions of basic research with molecular biology experiments and/or clinical studies with biomolecular experiments are welcomed.

## About the Journal

### Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.
