

## Special Issue

# Cyber Security and the Internet of Things (IoT): Theories, Approaches, Smart Applications, and New Trends

### Message from the Guest Editors

This Special Issue will focus on the wide range of discussions and studies focused on building secure IoT systems and applications. The issue solicits the latest research outcomes on attack defense approaches, secure smart applications, security analysis in IoT systems, and potential new trends, challenges, and opportunities in this field.

## About the Journal

### Message from the Editor-in-Chief

The concept of *Information* is to disseminate scientific results achieved via experiments and theoretical results in depth. It is very important to enable researchers and practitioners to learn new technology and findings that enable development in the applied field.

*Information* is an online open access journal of information science and technology, data, knowledge and communication. It publishes reviews, regular research papers and short communications. We invite high quality work, and our review and publication processing is very efficient.

---

### Editor-in-Chief

Prof. Dr. Willy Susilo

School of Computer Science and Software Engineering, University of Wollongong, Northfields Avenue, Wollongong, NSW 2522, Australia

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, ESCI (Web of Science), Ei Compendex, dblp, and other databases.

#### Journal Rank:

CiteScore - Q2 (Information Systems)
