

# Special Issue

## Smart, Sustainable and Resilient Infrastructures

### Message from the Guest Editors

Contributions are welcome from academics, practitioners and students from any discipline or country, and multidisciplinary contributions will be encouraged. Topics of interest for this Special Issue include but are not limited to:

- Infrastructure life cycle assessment
- Technology innovation
- Sensing technologies, real-time data acquisition and analysis
- Smart infrastructure management systems
- BIM
- Cleaner production
- Smart and sustainable infrastructure project management practices
- Smart and sustainable design, construction, operation, maintenance and decommissioning practices
- Sustainability indicators for infrastructure projects
- Methodologies and tools to reduce the environmental, economic and social impacts of infrastructure projects
- Drivers for increasing the intelligence, sustainability and resilience of infrastructure projects
- Green Infrastructure
- Optimisation, simulation and decision-making methods
- Advanced design, construction, operation, maintenance techniques
- Infrastructure safety
- Structural health monitoring
- Recent case studies (lessons learned)

---

### Guest Editors

Dr. Ahmed W. A. Hammad

Prof. Dr. Assed Naked Haddad

Dr. Carlos A. P. Soares

---

### Deadline for manuscript submissions

closed (15 July 2021)

## About the Journal

### Message from the Editor-in-Chief

You are invited to contribute a research article, review or short communication for consideration and publication in *Infrastructures* (ISSN 2412-3811). There is no restriction on the length of the papers. *Infrastructures* is published in open access format. The scientific community and general public have unlimited free access to the content as soon as it is published. *Infrastructures* is supported by the authors by the payment of article processing charges for accepted manuscripts. Please consider *Infrastructures* as an exceptional opportunity to publish your work.

---

### Editor-in-Chief

Dr. Pedro Arias-Sánchez

Applied Geotechnologies Group, Department of Natural Resources and Environmental Engineering, School of Mining Engineering, University of Vigo, 36310 Vigo, Spain

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, ESCI (Web of Science), Inspec, and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Civil) / CiteScore - Q1 (Building and Construction)
