Clinical Advances in Reconstructive Surgery: Innovations and Outcomes for Improved Patient Care

Message from the Guest Editor

This Special Issue, entitled "Clinical Advances in Reconstructive Surgery: Innovations and Outcomes for Improved Patient Care", focuses on the latest advancements in reconstructive surgery, with a strong emphasis on their clinical applications and impact on patient care. This Special Issue aims to provide a comprehensive overview of innovative techniques, technologies, and approaches that have significantly improved surgical outcomes and patient satisfaction. This Special Issue aims to feature articles highlighting advancements in various areas of reconstructive surgery, including, but not limited to, cleft lip repair, breast reconstruction, facial reconstruction, hand surgery, and burn reconstruction. The articles within this Special Issue will delve into topics such as minimally invasive procedures, patient-specific treatment planning, advances in anesthesia and pain management, and the integration of regenerative medicine in reconstructive surgery.

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andrès

Internal Medicine Department, University Hospital Strasbourg, 67000
Strasbourg, France

Prof. Dr. Kent Doi
