

Special Issue

Innovations and Advances in Breast Cancer Research and Treatment

Message from the Guest Editor

At present, significant advancements have been made in the field of breast cancer research, leading to improved detection, diagnosis, and treatment options. This Special Issue aims to gather cutting-edge research and innovative developments in breast cancer to further enhance our understanding and management of this complex disease. The topics of interest for publication include but are not limited to the following:

- Early detection and diagnosis techniques;
- Novel therapeutic strategies and drug development;
- Personalized medicine and targeted therapies;
- Survivorship and quality of life issues for breast cancer patients;
- Role of artificial intelligence and machine learning in breast cancer research;
- Immunotherapy and its applications in breast cancer treatment.

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andrès

Internal Medicine Department, University Hospital Strasbourg, 67000
Strasbourg, France

Prof. Dr. Kent Doi

Department of Acute Care Medicine, University of Tokyo, Tokyo, Japan

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1
(General Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the second half of 2024).
