

Special Issue

Advances in Allergic Diseases and Asthma: Clinical Insights and Emerging Therapies

Message from the Guest Editor

This Special Issue is dedicated to advancing the understanding and management of allergic diseases and asthma. Our primary aim is to provide a comprehensive overview of the current research status, emphasizing the core problems faced in the diagnosis and treatment of allergy. We seek to explore innovative approaches, share clinical insights, and catalyze the translation of research findings into effective medical interventions. We aim to contribute to improved patient outcomes and enhance the overall quality of care in allergology. In this Special Issue, we will focus on innovations and advances in allergy and asthma pathogenesis and management and provide useful information for daily practice and future research. We aim to create a platform for interdisciplinary collaboration to explore holistic approaches to allergy and asthma.

Guest Editor

Prof. Dr. Zenon Brzoza

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andrès

Internal Medicine Department, University Hospital Strasbourg, 67000
Strasbourg, France

Prof. Dr. Kent Doi

Department of Acute Care Medicine, University of Tokyo, Tokyo, Japan

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1
(General Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the second half of 2024).
