### **Special Issue**

### Computational Fluid Dynamic of Floating Offshore Structures

#### Message from the Guest Editors

Maritime safety is a critical aspect of the shipping industry, and advancements in technology have facilitated new opportunities to enhance safety measures. The Special Issue will focus on, but is not limited to, the following topics:

- Smart shipping navigation systems and their role in ensuring safe vessel operations;
- Vessel traffic services and their contribution to maritime safety management;
- Integration of artificial intelligence, Internet of Things (IoT), and machine learning techniques in maritime safety;
- Development and implementation of autonomous marine vehicles and their impact on maritime safety;
- Risk assessment and management in smart shipping navigation and vessel traffic services;
- Cybersecurity challenges and solutions in smart shipping and vessel traffic management;
- Case studies and practical applications of smart shipping technologies for maritime safety.

#### Message from the Editor-in-Chief

The Journal of Marine Science and Engineering (JMSE, ISSN 2077-1312) is an international peer-reviewed open access journal which provides an advanced forum for studies related to marine science and engineering. The journal aims to provide scholarly research on a range of topics, including ocean engineering, chemical oceanography, physical oceanography, marine biology and marine geosciences. We invite you to publish in our journal sharing your important research findings with the global ocean community.

#### Editor-in-Chief

#### Prof. Dr. Charitha Pattiaratchi

Oceans Graduate School and The UWA Oceans Institute, The University of Western Australia, Perth, WA 6009, Australia

#### **Author Benefits**

#### **High Visibility:**

indexed with Scopus, SCIE (Web of Science), GeoRef, Inspec, AGRIS, and other databases.

#### Journal Rank:

JCR - Q1 (Engineering, Marine) / CiteScore - Q2 (Civil and Structural Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.9 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2024).
