

Special Issue

Plant Pathogenic Fungi: Taxonomy, Phylogeny and Morphology

Message from the Guest Editor

The Special Issue "Plant Pathogenic Fungi: Taxonomy, Phylogeny and Morphology" aims to present recent research on all aspects of filamentous fungi and oomycetes. The Special Issue is a gold open access journal that publishes fundamental and advanced applied research on the fungal taxonomy, biodiversity, genetics, genomics, molecular biology, biochemistry and associative interactions of microbes. Reviews, original research, and communications will be welcome.

About the Journal

Message from the Editor-in-Chief

The *Journal of Fungi* (JoF, ISSN 2309-608X) is an international, peer-reviewed, scientific, open access journal that provides an advanced forum for studies related to pathogenic fungi, fungal biology, and all other aspects of fungal research. Research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. David S. Perlin
