

Special Issue

Dimorphic Fungal Pathogen *Coccidioides* and Coccidioidomycosis

Message from the Guest Editor

The Journal of Fungi has launched a Special Issue on “Dimorphic Fungal Pathogen: *Coccidioides* and Coccidioidomycosis”. In this issue, research and review manuscripts about coccidioidal pathogenesis and coccidioidomycosis are welcome. Manuscripts may describe research on host–pathogen interactions, genetic predispositions to coccidioidomycosis, coccidioidal epidemiology, expanding geographic regions for the disease, and rare clinical presentations of the disease. We encourage submission of papers describing novel therapeutic or diagnostic methods for early and prompt diagnosis of coccidioidomycosis.

Guest Editor

Dr. Fariba Donovan

About the Journal

Message from the Editor-in-Chief

The *Journal of Fungi* (JoF, ISSN 2309-608X) is an international, peer-reviewed, scientific, open access journal that provides an advanced forum for studies related to pathogenic fungi, fungal biology, and all other aspects of fungal research. Research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. David S. Perlin

Hackensack Meridian Health Center for Discovery and Innovation, 111
Ideation Way, Nutley, NJ 07110, USA

Author Benefits

Open Access

– free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPIus / SciFinder, AGRIS, and other databases.

Journal Rank:

JCR - Q1 (Mycology) / CiteScore - Q1 (Ecology, Evolution, Behavior and Systematics)
