

Special Issue

Clinical Diagnosis and Treatment of Gastrointestinal Diseases

Message from the Guest Editors

We invite you to contribute to this Special Issue. The aim is to collect a broad range of papers related to the diagnosis and treatment of gastrointestinal diseases, including the development of new endoscopic techniques, differential diagnosis, diagnostic models, refinement of diagnostic procedures, advances in endoscopic treatment, etc. The topics for the section include, but are not limited to, the following:

- Clinical diagnosis and differential diagnosis of gastrointestinal diseases (including the esophagus, stomach, small intestine, and colon), pancreatobiliary diseases, and liver diseases.
- Medical treatment of gastrointestinal diseases (including the esophagus, stomach, small intestine, and colon), pancreatobiliary diseases, and liver diseases.
- Advances in endoscopic retrograde cholangiopancreatography treatment.
- Clinical application of endoscopic ultrasound in gastrointestinal disease.
- New insights into or techniques of natural orifice transluminal endoscopic surgery.
- New epidemiological data that result in the improvement of the diagnosis and treatment of GI diseases.

About the Journal

Message from the Editor-in-Chief

Journal of Personalized Medicine (JPM), ISSN 2075-4426) is an international, open access journal aimed at bringing all aspects of personalized medicine to one platform. *JPM* publishes cutting edge, innovative preclinical and translational scientific research and technologies related to personalized medicine (e.g., precision medicine, pharmacogenomics/proteomics, systems biology, 'omics association analysis). *JPM* is covered in Scopus, the Science Citation Index Expanded (SCIE), PubMed, PMC, Embase, and other databases.

Editor-in-Chief

Prof. Dr. David Alan Rizzieri

1. Novant Health Cancer Institute, Winston-Salem, NC 27103, USA

2. Division of Hematologic Malignancies and Cellular Therapy, Duke University, Durham, NC 27710, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Medicine (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.7 days after submission; acceptance to publication is undertaken in 2.5 days (median values for papers published in this journal in the first half of 2024).
