

Special Issue

Mechanism of Endocrine and Metabolic Diseases

Message from the Guest Editors

The integration of different mechanisms of production and evolution of endocrine and metabolic diseases with modern theories of correct nutrition, nutrigenomics and nanoparticles can lead to the understanding of various cardiovascular, endocrine and metabolic pathologies.

This Special Issue of the *Journal of Personalized Medicine* aims to highlight the current state of the science and showcase some of the latest findings in the field of endocrine and metabolic diseases. The scientific advances in the field of nutrition, nutrigenomics and nanoparticles will continue to pave the path towards personalized nutrition for optimal health and wellness. Original articles and reviews highlighting the mechanism and treatment for endocrine and metabolic diseases as well as personalized medicine are welcome.

About the Journal

Message from the Editor-in-Chief

Journal of Personalized Medicine (JPM), ISSN 2075-4426) is an international, open access journal aimed at bringing all aspects of personalized medicine to one platform. *JPM* publishes cutting edge, innovative preclinical and translational scientific research and technologies related to personalized medicine (e.g., precision medicine, pharmacogenomics/proteomics, systems biology, 'omics association analysis). *JPM* is covered in Scopus, the Science Citation Index Expanded (SCIE), PubMed, PMC, Embase, and other databases.

Editor-in-Chief

Prof. Dr. David Alan Rizzieri

1. Novant Health Cancer Institute, Winston-Salem, NC 27103, USA

2. Division of Hematologic Malignancies and Cellular Therapy, Duke University, Durham, NC 27710, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Medicine (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.7 days after submission; acceptance to publication is undertaken in 2.5 days (median values for papers published in this journal in the first half of 2024).
