Emergency Medicine: Clinical Advances and Challenges in Diagnosis and Treatment

Message from the Guest Editor

At present, new paradigms have emerged in emergency medicine that have revolutionized the way we perform clinical work in our hospitals, from empiricism to evidence-based medicine. The objective of this Special Issue is to gather valuable information regarding novel approaches to diagnosis and treatment in the field of emergency medicine and critical care by publishing research papers that have a significant impact, offer new insights, demonstrate high quality and originality, and ultimately capture the interest of our readers. Moreover, it aims to highlight new trends in effectively training young doctors specializing in critical care medicine. We have a particular interest in studies that present newer technologies to facilitate emergency physicians' work and to assure a qualitative management of the patients, both adults and children.

Guest Editor

About the Journal

Message from the Editor-in-Chief

Journal of Personalized Medicine (JPM), ISSN 2075-4426) is an international, open access journal aimed at bringing all aspects of personalized medicine to one platform. *JPM* publishes cutting edge, innovative preclinical and translational scientific research and technologies related to personalized medicine (e.g., precision medicine, pharmacogenomics/proteomics, systems biology, 'omics association analysis). *JPM* is covered in Scopus, the Science Citation Index Expanded (SCIE), PubMed, PMC, Embase, and other databases.

Editor-in-Chief

Prof. Dr. David Alan Rizzieri

1. Novant Health Cancer Institute, Winston-Salem, NC 27103, USA

2. Division of Hematologic Malignancies and Cellular Therapy, Duke University, Durham, NC 27710, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Medicine (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.7 days after submission; acceptance to publication is undertaken in 2.5 days (median values for papers published in this journal in the first half of 2024).
