Diagnostic and Interventional Radiology: Opportunities and Challenges of Advanced Imaging Techniques

Message from the Guest Editors

The rapidly evolving field of diagnostic and interventional radiology is at the forefront of personalized medicine, offering unprecedented opportunities to enhance patient care. This Special Issue, “Diagnostic and Interventional Radiology: Opportunities and Challenges of Advanced Imaging Techniques”, explores the latest advancements in imaging technologies, including their application in precision diagnosis and minimally invasive treatments. As these innovations become integral to clinical practice, they bring new challenges, such as the need for specialized training, ethical considerations, and the integration of AI. This issue aims to provide a comprehensive overview of how these techniques are reshaping the landscape of personalized medicine, with insights from leading experts in the field. We are looking forward to your contributions.

About the Journal

Message from the Editor-in-Chief

Journal of Personalized Medicine (JPM), ISSN 2075-4426) is an international, open access journal aimed at bringing all aspects of personalized medicine to one platform. *JPM* publishes cutting edge, innovative preclinical and translational scientific research and technologies related to personalized medicine (e.g., precision medicine, pharmacogenomics/proteomics, systems biology, 'omics association analysis). *JPM* is covered in Scopus, the Science Citation Index Expanded (SCIE), PubMed, PMC, Embase, and other databases.

Editor-in-Chief

Prof. Dr. David Alan Rizzieri

1. Novant Health Cancer Institute, Winston-Salem, NC 27103, USA

2. Division of Hematologic Malignancies and Cellular Therapy, Duke University, Durham, NC 27710, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Medicine (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.7 days after submission; acceptance to publication is undertaken in 2.5 days (median values for papers published in this journal in the first half of 2024).
