## COVID-19 and Life

### Message from the Collection Editor

Highly pathogenic coronavirus SARS-CoV2 infection is spreading worldwide, causing the COVID-19 disease. The wide spread of COVID-19 has had a significant negative impact on many important diseases and human on wellbeing. Life is committed to the rapid review and publication of research findings and data that could inform the public health response to the coronavirus (COVID-19) pandemic. This collection proposes to encompass translational approaches in COVID-19 pathology, diagnostics, clinical presentation, risk factors for severe disease, therapeutic target identification and drug development towards patient treatment.

## About the Journal

### Message from the Editor-in-Chief

*Life* (ISSN 2075-1729) is an international, peer-reviewed open access journal that publishes scientific studies related to fundamental themes in life sciences. Some papers are published individually, while others are submitted for inclusion in special issues with guest editors. You are invited to contribute a research article, essay, or a review to be considered for publication.
