Special Issue

Current Updates on Vestibular Neuritis

Message from the Guest Editor

This Special Issue aims to provide a comprehensive update on vestibular neuritis, a condition causing sudden vertigo due to inflammation of the VIII cranial nerve, the vestibular nerve. It delves into recent advancements in diagnosis, medical and rehabilitation treatment modalities, and insights into the pathophysiology of this debilitating disorder. The primary goal is to synthesize the latest research findings and clinical practices concerning vestibular neuritis and to bridge the gap between research and clinical practice, fostering a collaborative approach to improve patient care and management of this condition and further the understanding of vestibular neuritis across multidisciplinary fields. This Special Issue serves as a valuable resource for healthcare professionals. researchers, and clinicians involved in neurology, otolaryngology, and vestibular sciences. By consolidating up-to-date information and diverse perspectives, it aims to advance the knowledge base, foster collaborative efforts, and ultimately enhance patient care in the realm of vestibular neuritis.

About the Journal

Message from the Editor-in-Chief

Life (ISSN 2075-1729) is an international, peer-reviewed open access journal that publishes scientific studies related to fundamental themes in life sciences. Some papers are published individually, while others are submitted for inclusion in special issues with guest editors. You are invited to contribute a research article, essay, or a review to be considered for publication.

Editor-in-Chief

Prof. Dr. Lluís Ribas de Pouplana

Institute for Research in Biomedicine (IRB Barcelona), The Barcelona Institute of Science and Technology, 08028 Barcelona, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPlus / SciFinder, AGRIS, and other databases.

Journal Rank:

JCR - Q1 (Biology) / CiteScore - Q1 (Paleontology)
