

Special Issue

New Insights into Lysosomal Storage Disorders and Other Rare Genetic Diseases

Message from the Guest Editors

In this Special Issue of *Life*, we invite researchers from all over the world to share their advances in our understanding of genetic, cellular, and molecular mechanisms of Lysosomal Storage Disorders, lysosome-related diseases, and other rare diseases. We welcome original research papers and review articles that provide new insights into Lysosomal Storage Disorders and other rare genetic diseases; therapeutic strategies; group studies; gene and protein regulation or modifications; Covid-19's impact on rare diseases; and disease models or present recent discoveries in genetic human diseases resulting from the application of innovative techniques.

Guest Editors

Dr. Olga Amaral

Dr. Barbara Marques

Dr. José Braganca

About the Journal

Message from the Editor-in-Chief

Life (ISSN 2075-1729) is an international, peer-reviewed open access journal that publishes scientific studies related to fundamental themes in life sciences. Some papers are published individually, while others are submitted for inclusion in special issues with guest editors. You are invited to contribute a research article, essay, or a review to be considered for publication.

Editor-in-Chief

Prof. Dr. Lluís Ribas de Pouplana

Institute for Research in Biomedicine (IRB Barcelona), The Barcelona
Institute of Science and Technology, 08028 Barcelona, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPUS / SciFinder, AGRIS, and other databases.

Journal Rank:

JCR - Q1 (Biology) / CiteScore - Q1 (Paleontology)
