

Special Issue

Frontiers of Astrobiology, Volume II

Message from the Guest Editor

In this second volume of “Frontiers of Astrobiology”, we aim to bring together a collection of seminal papers that demonstrate the ongoing transcendence of this interdisciplinary field, which exemplify the current state of the art in the field. In addition to research articles covering experimental, observational, theoretical, and modeling approaches, we also encourage the submission of papers that focus on novel hypotheses and highlight current challenges or knowledge gaps, as well as long review articles.

Guest Editor

Dr. Christopher Bennett

Department of Physics, University of Central Florida, Orlando, FL 32816, USA

Deadline for manuscript submissions

closed (15 April 2022)

About the Journal

Message from the Editor-in-Chief

Life (ISSN 2075-1729) is an international, peer-reviewed open access journal that publishes scientific studies related to fundamental themes in life sciences. Some papers are published individually, while others are submitted for inclusion in special issues with guest editors. You are invited to contribute a research article, essay, or a review to be considered for publication.

Editor-in-Chief

Prof. Dr. Lluís Ribas de Pouplana

Institute for Research in Biomedicine (IRB Barcelona), The Barcelona
Institute of Science and Technology, 08028 Barcelona, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPIus / SciFinder, AGRIS, and other databases.

Journal Rank:

JCR - Q1 (Biology) / CiteScore - Q1 (Paleontology)
