

Special Issue

Molecular Genetics of Cyanobacteria

Message from the Guest Editors

In this *Life* Special Issue, we would like to put the focus on the singularities of cyanobacteria, with an emphasis on the study of a) biological processes or cell components that are either unique to cyanobacteria or oxygenic photosynthetic organisms, and b) differential aspects on the regulation of all basic and common processes, including the gene expression machinery. Therefore, we welcome studies, both original and review articles, which contribute to a) a better understanding of cyanobacterial processes that are of evolutionary and ecological importance, and b) show the need and promote the use of suitable cyanobacterial model systems for the advancement of basic knowledge and biotechnological applications.

Guest Editors

Prof. Dr. Asunción Contreras

Genetics Division, University of Alicante, 03690 San Vicente del Raspeig, Alicante, Spain

Dr. Jose I. Labella

Dpto. Fisiología, Genética y Microbiología, Universidad de Alicante, 03690 Alicante, Spain

Deadline for manuscript submissions

closed (30 November 2022)

About the Journal

Message from the Editor-in-Chief

Life (ISSN 2075-1729) is an international, peer-reviewed open access journal that publishes scientific studies related to fundamental themes in life sciences. Some papers are published individually, while others are submitted for inclusion in special issues with guest editors. You are invited to contribute a research article, essay, or a review to be considered for publication.

Editor-in-Chief

Prof. Dr. Lluís Ribas de Pouplana

Institute for Research in Biomedicine (IRB Barcelona), The Barcelona
Institute of Science and Technology, 08028 Barcelona, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPIus / SciFinder, AGRIS, and other databases.

Journal Rank:

JCR - Q1 (Biology) / CiteScore - Q1 (Paleontology)
