

Special Issue

Food Supply Chain through Ongoing Evolution: Lessons from Continuous Transformations

Message from the Guest Editors

This Special Issue including but not limited to the following topics:

- Characterization of stages of food supply chain transformations;
- Emphasis on actors' behavior that engage in shaping further food supply chains;
- Presentation of novel conceptualizations of food supply chain transformations;
- Combination of elements of food supply chain transformations emphasizing convergence and divergence points that shaped food supply chains;
- The development of resilience in food supply chains to avoid disruptions and future crises;
- Consideration of various theories, such as institutional theory, stakeholder theory, resource-based view, transaction costs economics, etc. aiming to explain the ongoing evolution and transformation;
- Illustration of different relationship strategies and their impact on food supply chain transformation;
- Explanation of how actors can drive food supply chain transformations, emphasizing key issues such as resources, power, etc. which explain leadership in transformational situations.

About the Journal

Message from the Editor-in-Chief

I am delighted to take on the editorial role for the open-access international journal Logistics, which will emphasize current important issues in logistics and supply chain management. My aim is to ensure that this journal employs a rapid review process; has the flexibility to address the most current topics; and is globally connected, communicating online peer-reviewed articles and related content to a worldwide audience. I have invited a group of leading thinkers to serve as Editorial Review Board Members, who will promote cutting-edge insights from authors from all over the world. Contemporary topics that address current challenges will receive special attention, as will thought-provoking scholarly essays and viewpoints. On behalf of our distinguished Editorial Board, I welcome your contributions.

Editor-in-Chief

Prof. Dr. Robert Handfield

Department, Bank of America Distinguished Professor of Supply Chain Management, Department of Supply Chain North Carolina State University USA

Author Benefits

High Visibility:

indexed within Scopus, ESCI (Web of Science), RePEc, and other databases.
