MATERIAIS 2019, XIX Congresso da Sociedade Portuguesa de Materiais and X International Symposium on Materials

Message from the Guest Editor

This Special Issue will publish papers of authors making oral/poster presentations at the Materiais 2019, XIX Congresso da Sociedade Portuguesa de Materiais and X International Symposium on Materials, held in Lisbon, Portugal 14-17 April 2019. MATERIAIS 2019, will explore the latest scientific and technical developments in Material Science and Engineering, and related areas, bridging different knowledge domains under the scope of the main thematic “Materials for a Better Life”. The International Symposium will cover all materials areas, namely Functional Materials, Structural Materials and Materials Processing, Characterization and Modelling. Submission related with these topics can be considered for this Special Issue.

About the Journal

Message from the Editor-in-Chief

Materials (ISSN 1996-1944) was launched in 2008. The journal covers twenty-five comprehensive topics: biomaterials, energy materials, advanced composites, advanced materials characterization, porous materials, manufacturing processes and systems, advanced nanomaterials and nanotechnology, smart materials, thin films and interfaces, catalytic materials, carbon materials, materials chemistry, materials physics, optics and photonics, corrosion, construction and building materials, materials simulation and design, electronic materials, advanced and functional ceramics and glasses, metals and alloys, soft matter, polymeric materials, quantum materials, mechanics of materials, green materials, general. *Materials* provides a unique opportunity to contribute high quality articles and to take advantage of its large readership.
