

Special Issue

Prevention, Recognition, and Treatment of Exertional Heat Illnesses

Message from the Guest Editors

We are honored to announce a forthcoming Special Issue that will focus on the prevention, recognition, and treatment of exertional heat illnesses. Our approach will offer a contemporary look at best practices, emerging technologies, the translational potential of research findings, and real-world challenges being faced by youth athletes all the way through the upcoming heat issues of the 2020 IOC Tokyo Olympics/2022 FIFA Qatar World Cup and recent learnings from the 2019 Track and Field World Championships.

Guest Editors

Dr. Susan W. Yeargin

Department of Exercise Science, University of South Carolina, Columbia, SC, USA

Prof. Dr. Douglas J. Casa

Korey Stringer Institute, Department of Kinesiology, University of Connecticut, Storrs, CT 06269-1110, USA

Deadline for manuscript submissions

closed (15 August 2020)

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Medicina* (ISSN: 1648-9144). *Medicina* is an open access, peer-reviewed scientific journal that publishes original articles, critical reviews, research notes, and short communications on medicine. The scientific community and the general public can access the content free of charge as soon as it is published.

Editor-in-Chief

Prof. Dr. Edgaras Stankevičius
Medical Academy, Lithuanian University of Health Sciences, Kaunas,
Lithuania

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)
