

Special Issue

Clinical Psychopharmacology and Toxicology

Message from the Guest Editor

We encourage you to participate in the upcoming Special Issue and submit their research work in order to contribute to the expansion of rather limited knowledge on the therapeutic use of psychotropic medication, in addition to well-known traditional psychological/psychiatric interventions, for the treatment of mental disorders and promotion of overall patient health and well-being, as well as on overdoses with (il)legal psychoactive substances (including novel compounds). Original research articles and reviews are welcome to be submitted. Research areas may include, but are not limited to, the following: clinical psychopharmacology, clinical toxicology, psychotropic drugs, psychoactive substances, and psychiatry.

Guest Editor

Dr. Vesna Mijatović-Jovin

Department of Pharmacology, Toxicology and Clinical Pharmacology,
Faculty of Medicine, University of Novi Sad, Novi Sad, Serbia

Deadline for manuscript submissions

31 March 2025
