

# Special Issue

## Microfluidics Technology

### Message from the Guest Editor

Dear Colleagues This Special Issue focuses on studies utilizing novel microfluidic, micro-fabrication, systems integration and advanced informatics technology, which enables rapid and comprehensive investigations of broad-based biological systems.

## About the Journal

### Message from the Editor-in-Chief

---

#### Editor-in-Chief

Prof. Dr. Massimo Negrini  
Department of Morphology, Surgery and Experimental Medicine,  
University of Ferrara, Ferrara, Italy

---

#### Author Benefits

##### Rapid publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 28 days after submission; acceptance to publication is undertaken in 8 days (median values for papers published in this journal in 2016).

##### Recognition of Reviewers:

reviewers who provide timely, thorough peer-review reports receive vouchers entitling them to a discount on the APC of their next publication in any MDPI journal, in appreciation of the work done.
