Message from the Editor-in-Chief

Microbiology Research (ISSN 2026-7481) is an international, scientific, open access journal primarily focused on research examining the complex interplay among microorganisms and citizens, animals and the environment in a holistic one-health approach.

The topics covered in the journal include, but are not limited to: Antibacterials and antimicrobials, Virology, Bacteriology, Microbiomes, Veterinary microbiology, Food microbiology, Agricultural microbiology, Yeast microbiology, Foodborne diseases, Infectious diseases, Fungal diseases.

We would also like to include the topics from basic and translational medicine which aim to develop an understanding and treatment of major diseases in humans and animals.

Editor-in-Chief

Prof. Dr. Beniamino T. Cenci-Goga

Aims

Microbiology Research (ISSN 2036-7481) is an international and multidisciplinary scientific open access journal that publishes original research, review articles, editorials, perspectives, case reports, and brief reports to benefit researchers, microbiologists, physicians, veterinarians, and agronomists.

The main aim of *Microbiology Research* is to encourage researchers from diverse areas to publish theoretical and experimental results of research from all fundamental fields of microbiology in a one health and circular health perspective, including applied microbiology. The full experimental procedure must be provided so that the results can be reproduced. There is no limitation on the maximum length of articles for this journal.

Scope

- Antibacterials and antimicrobials
- Virology
- Bacteriology
- Microbiomes
- Veterinary microbiology
- Food microbiology
- Agricultural microbiology
- Yeast microbiology
- Foodborne diseases
- Infectious diseases
- Fungal diseases

Author Benefits

Open Access

Unlimited and free access for readers

No Copyright Constraints

Retain copyright of your work and free use of your article

Thorough Peer-Review

Discounts on Article Processing Charges (APC)

If you belong to an institute that participates with the MDPI Institutional Open Access Program

No Space Constraints, No Extra Space or Color Charges

No restriction on the maximum length of the papers, number of figures, or use of colors

Coverage by Leading Indexing Services

Scopus, ESCI (Web of Science), Embase, and other databases

Rapid Publication

A first decision is provided to authors approximately 16.7 days after submission; acceptance to publication is undertaken in 3.5 days (median values for papers published in this journal in the first half of 2024)
