

Special Issue

Feature Papers of Micromachines in Chemistry 2022

Message from the Guest Editors

We are pleased to announce a new Special Issue entitled "Feature Papers of *Micromachines* in Chemistry 2022". In recent years, we have cooperated with some excellent scholars/scientific groups and published several important high-level works, which have already been cited according to the data of Web of Science. We aim to introduce a new insight into science development or cutting-edge technology related to micromachines in the chemistry field, which will make a great contribution to the community. This Special Issue will be a collection of high-quality papers from excellent scholars around the world. Both original research articles and comprehensive review papers are welcome. The papers will be published, free of charge, with full open access after peer review to benefit both authors and readers. You are welcome to send short proposals for submissions of Feature Papers to our editorial office (micromachines@mdpi.com) before submission. They will be evaluated by editors at first. Please note that selected full papers will still be subjected to a thorough and rigorous peer review. We look forward to receiving your excellent work.

Guest Editors

Prof. Dr. Ryuji Kawano

Department of Biotechnology and Life Science, Tokyo University of Agriculture and Technology (TUAT), 2-24-16 Naka-cho, Koganei-shi, Tokyo 184-8588, Japan

Dr. Kan Shoji

Nano Bio Integrated System Laboratory, Nagaoka, Niigata 940-2188, Japan

Deadline for manuscript submissions

closed (31 December 2022)

About the Journal

Message from the Editor-in-Chief

You are invited to contribute research articles or comprehensive reviews for consideration and publication in *Micromachines* (ISSN 2072-666X). *Micromachines* is published in the open access format. Research articles, reviews and other contents are released on the internet immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. As an open access journal, *Micromachines* is supported by the authors or their institutes by payment of article processing charges (APC) for accepted papers. We are pleased to welcome you as our authors.

Editor-in-Chief

Prof. Dr. Ai-Qun Liu

1. Department of Electrical and Electronic Engineering, The Hong Kong Polytechnic University, Hong Kong, China
2. School of Electrical and Electronic Engineering, Nanyang Technological University, Singapore 639798, Singapore

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Ei Compendex, dblp, and other databases.

Journal Rank:

JCR - Q2 (Physics, Applied) / CiteScore - Q2 (Mechanical Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.7 days after submission; acceptance to publication is undertaken in 2.5 days (median values for papers published in this journal in the first half of 2024).
