

## Special Issue

# NMR in Biochemical Research: From Small Molecules to Macromolecular Complexes

### Message from the Guest Editors

This Special Issue aims to showcase recent developments in the application of NMR to solve biochemical questions. Original research articles and reviews concerning NMR technologies, methodologies and applications are welcomed. Research areas may include, but are not limited to, the following subjects: metabolomics, in vivo NMR, drug development and biomolecular NMR.

### Guest Editors

Dr. Cristina Cantarutti

Department of Medicine, University of Udine, Udine, Italy

Dr. Yamanappa Hunashal

Department of Molecular Biology and Biophysics, University of Connecticut Health Center, Farmington, CT, USA

Prof. Dr. Gennaro Esposito

Science Division, New York University Abu Dhabi, Abu Dhabi, United Arab Emirates

### Deadline for manuscript submissions

closed (31 May 2024)

## About the Journal

### Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

---

### Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarinLit, AGRIS, and other databases.

#### Journal Rank:

JCR - Q2 (Chemistry, Multidisciplinary) / CiteScore - Q1 (Chemistry (miscellaneous))

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.1 days after submission; acceptance to publication is undertaken in 2.8 days (median values for papers published in this journal in the first half of 2024).
