

Special Issue

Exclusive Papers of the Editorial Board Members of the Materials Chemistry Section of *Molecules* 2021

Message from the Guest Editor

This Special Issue of *Molecules* is dedicated to recent advances in the research area of materials chemistry and comprises a selection of exclusive papers of the Editorial Board Members (EBMs) of the Materials Chemistry Section. The Section collects either research articles highlighting interesting results of the research groups of our Section's EBMs or review articles where our Section's EBMs discuss key topics in the field. This Special Issue aims to represent our young section as an attractive open-access publishing platform for materials chemistry research.

About the Journal

Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarinLit, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Chemistry, Multidisciplinary) / CiteScore - Q1 (Chemistry (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.1 days after submission; acceptance to publication is undertaken in 2.8 days (median values for papers published in this journal in the first half of 2024).
