

Special Issue

Exclusive Papers of Editorial Board Members and Invited Scholars in “Materials Chemistry”, 2nd Edition

Message from the Guest Editor

This Special Issue of *Molecules* is dedicated to showcasing recent advancements in the field of materials chemistry research. This Special Issue welcomes contributions not only from the Editorial Board Members (EBMs) but also from all researchers interested in the field of “Materials Chemistry”. Both original research articles and comprehensive review papers on theoretical and experimental studies covering the application of chemistry-based techniques and the study of materials, including materials synthesis, characterization, and properties, are welcome. The objective of this Special Issue is to highlight noteworthy investigations conducted within our section, and we aim to establish an attractive open access publishing platform for cutting-edge materials chemistry research.

Guest Editor

Prof. Dr. Baljinder Kandola

About the Journal

Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarinLit, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Chemistry, Multidisciplinary) / CiteScore - Q1 (Chemistry (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.1 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the second half of 2024).
