

Special Issue

Cutting-Edge Chemistry Research in UK

Message from the Guest Editor

In just a few years, MDPI became one of the world's leading publishing firms for scientific research. To get closer to British scientific communities and engage more with the world's top scientists who work in UK universities, MDPI has decided to establish a new office in London. To mark this important step, *Molecules*, as the oldest journal of the MDPI family, is dedicating this Special Issue to publishing cutting-edge research from British scientists. Original research articles, reviews, short communications, or opinions within the scope of *Molecules* from researchers based in any UK university are welcome.

Guest Editor

Prof. Dr. Amor M. Abdelkader

About the Journal

Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

Editor-in-Chief

Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical Biology and Phytochemistry, University of Münster, Corrensstrasse 48, D-48149 Münster, Germany

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarinLit, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Chemistry, Multidisciplinary) / CiteScore - Q1 (Chemistry (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.1 days after submission; acceptance to publication is undertaken in 2.8 days (median values for papers published in this journal in the first half of 2024).
