

Special Issue

The Role of Nutrition in Eye Health

Message from the Guest Editor

The goal of this Special Issue, “The Role of Nutrition in Eye Health”, is to focus on the importance of nutrition in maintaining ocular health. Specifically, the aim is to clarify if diet can prevent and treat ocular diseases. This new information will provide ophthalmologists and eye care professionals with widespread and updated evidence on the role of diet in ocular diseases and the potential role of nutritional strategies in improving eye health.

Guest Editor

Prof. Dr. Malgorzata Mrugacz

Department of Ophthalmology and Eye Rehabilitation, Medical University of Białystok, Kilinskiego 1, 15-089 Białystok, Poland

About the Journal

Message from the Editorial Board

Nutrients is an on-line open access journal that was first published in 2009. *Nutrients* adheres to rigorous peer-review and editorial processes and publishes only high quality manuscripts that address important issues related to the impacts of nutrients on human health. The Impact Factor of *Nutrients* has risen rapidly since its establishment and it is now ranked in the first quartile of journals publishing in the field of nutrition and dietetics research.
