# Message from the Editor-in-Chief

The worldwide impact of infectious disease is incalculable. The consequences for human health in terms of morbidity and mortality are obvious and vast but, when infections of animals and plants are also taken into account, it is hard to imagine any other disease that has such a significant impact on our lives—on healthcare systems, on agriculture and on world economics. *Pathogens* is proud to continue to serve the international community by publishing high quality studies that further our understanding of infection and have meaningful consequences for disease intervention.

## **Editor-in-Chief**

Prof. Dr. Hinh Ly

## **Founding Editor-in-Chief (2012-2024)**

Prof. Dr. Lawrence S. Young

---

## **Aims**

*Pathogens* (ISSN 2076-0817) publishes reviews, regular research papers and communication on all aspects of pathogens and pathogen-host interactions. There is no restriction on the maximum length of the papers. Our aim is to encourage scientists to publish their experimental and theoretical research in as much detail as possible. Full experimental and/or methodical details must be provided for research articles. There are, in addition, unique features of this journal:

- manuscripts regarding research proposals and research ideas will be particularly welcomed
- computed data or files regarding the full details of the experimental procedure, if unable to be published in a normal way, can be deposited as supplementary material

---

## Scope

- Identification and characterization of pathogens
- Pathogen invasion and host defenses
- Transmission of pathogens
- Pathogen genetics and genomics
- Pathogen lifecycle
- Host adaptation
- Pathogen inactivation
- Innate and adaptive immune responses
- Molecular mechanisms of host–pathogen interaction
- Vaccine and therapeutic development
- Immune defense mechanisms
- Veterinary infections
- Cell signalling effects
- Vectorology

---

## Author Benefits

### Open Access

Unlimited and free access for readers

### No Copyright Constraints

Retain copyright of your work and free use of your article

### Thorough Peer-Review

### 2023 Impact Factor: 3.3

(*Journal Citation Reports* - Clarivate, 2024)

### Discounts on Article Processing Charges (APC)

If you belong to an institute that participates with the MDPI Institutional Open Access Program

### No Space Constraints, No Extra Space or Color Charges

No restriction on the maximum length of the papers, number of figures or colors

### Journal Rank

JCR - Q2 (*Microbiology*) / CiteScore - Q2 (*General Immunology and Microbiology*)

### Coverage by Leading Indexing Services

Scopus, SCIE (Web of Science), PubMed, PMC, Embase, PubAg, CaPlus / SciFinder, AGRIS, and other databases

### Rapid Publication

A first decision is provided to authors approximately 16.3 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2024)
