Special Issue

Novel Regulators of Female Reproduction

Message from the Guest Editors

The Special Issue is focused on investigating the novel regulators of female reproduction in the laboratory and farm animals and humans. Special attention is paid to bioactive substances of plant origin and by environmental and food contaminants affecting female reproduction and fertility, and female reproductive disorders including cellular stress disorganization of the cell cycle leading to uncontrolled cell division, differentiation, proliferation, and the inhibition of apoptosis and induction of tumorigenesis. Novel regulators including external and internal bioactive substances and their regulators can help in the characterization and improvement of the reproductive state, and the prevention, diagnostics, and treatment of reproductive disorders.

About the Journal

Message from the Editor-in-Chief

Because of your expertise in the field of drug sciences, I kindly invite you to consider publishing your current work, in the form of a research article or a review, in the open access electronic journal *Pharmaceuticals*. *Pharmaceuticals* is characterized by an active editorial board and a dynamic editorial staff. Manuscripts are peer-reviewed and a final decision is provided to authors within 4–6 weeks after submission. Papers are published on the web immediately after acceptance. For details on the submission process or any other matter, please do not hesitate to contact us.

We hope to handle your contribution to *Pharmaceuticals* soon.

Editor-in-Chief

Prof. Dr. Amélia Pilar Rauter

Departamento de Química e Bioquímica (DQB) e Centro de Química Estrutural (CQE), Institute of Molecular Sciences, Faculdade de Cièncias, Universidade de Lisboa, Lisboa, Portugal

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q2 (Pharmaceutical Science)
