Special Issue

Recent Advances in Oral Biopharmaceutics

Message from the Guest Editors

We are pleased to invite you to contribute to a *Pharmaceutics* Special Issue on "Recent Advances in Oral Biopharmaceutics". This Special Issue aims to showcase recent developments in the understanding of mechanisms and interactions underpinning oral drug release and absorption from conventional and advanced formulations by the use of biopharmaceutical characterization methods. Moreover, we aim to highlight the application of in vitro, in vivo and in silico results for the prediction of oral pharmacokinetics in the context of modern drug product development. In this Special Issue, original research articles and reviews are welcome. Research areas may include (but are not limited to) the following: biorelevant dissolution testing, permeation and drug absorption studies, solubility studies, oral absorption modelling including PBBM, oral drug delivery, and human GI physiology in the context of oral drug delivery. We look forward to receiving your contributions. The deadline for submission is 31 May 2023.

About the Journal

Message from the Editor-in-Chief

Pharmaceutics (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceutics and biopharmaceutics. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Patrick J. Sinko
Department of Pharmaceutics, Ernest Mario School of Pharmacy,
Rutgers University, Piscataway, NJ 08854, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q1 (Pharmaceutical Science)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.5 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the second half of 2024).
