Transporters in Drug and Xenobiotic Disposition

Message from the Guest Editor

Transporters play critical roles in drug and xenobiotic disposition. The tissue distribution of these transporters varies by role, and important advances in drug and chemical safety have been attributed to better understanding of transporter localization, expression and activities. In addition to parent drug disposition, transporters are also vital to the disposition of primary and secondary metabolites, such as facilitating excretion and contributing to enterohepatic re-circulation. Integrating functional transporter studies into disposition and pharmacokinetic considerations has been difficult in the past, but new approaches and models are increasingly allowing consideration of transporters' functional dynamics. This Special Issue will cover transporter dynamics in drug and xenobiotic disposition, with particular attention to effects on pharmacokinetics/toxicokinetics.

About the Journal

Message from the Editor-in-Chief

Pharmaceutics (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceuticals and biopharmaceuticals. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Patrick J. Sinko
Department of Pharmaceutics, Ernest Mario School of Pharmacy,
Rutgers University, Piscataway, NJ 08854, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q1 (Pharmaceutical Science)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.9 days after submission; acceptance to publication is undertaken in 3.4 days (median values for papers published in this journal in the first half of 2024).
