

Special Issue

State-of-the-Art Polymer Science and Technology in the United Arab Emirates (2021,2022)

Message from the Guest Editor

Polymer materials are extensively used in many fields such as biomedical, energy conversion and storage devices, environment and sustainability applications due to their unique and excellent properties. Research and development of novel functional polymeric materials is still crucial in supporting and expanding the growing interest in polymer technology. Researchers in the United Arab Emirates are working together and devoting effort to designing and fabricating innovative products with superior properties. This Special Issue aims to highlight recent advances in polymer science and technology in the United Arab Emirates. Welcome the United Arab Emirates scientists and researchers to submit your article/communication/review to the special issue. Research topics include, but are not limited to:

- Polymer Structures
- Polymer Synthesis Process, Modification and Self-assembly
- Technological Applications
- Physical properties of polymers
- Polymer Characterization
- Polymer Engineering
- Functional Polymers
- Polymer surfaces and interfaces

Guest Editor

Prof. Dr. Abdel-Hamid I. Mourad

Mechanical and Aerospace Engineering Department, College of Engineering, United Arab Emirates University, Al-Ain 15551, United Arab Emirates

Deadline for manuscript submissions

closed (31 December 2022)

About the Journal

Message from the Editor-in-Chief

Since its foundation in 2009, *Polymers* has developed into an internationally renowned, extremely successful open access journal. The editorial team and the editorial board dedicatedly combine open-access publishing and high-quality rigorous peer reviewing. The performance of the journal has proven this strategy to be well-suited and highly successful. This is reflected in the increasing impact factor of *Polymers*, the most recent one being 4.7.

I would like to invite you to contribute to the success of the journal by sending us your high quality research papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Alexander Böker

Lehrstuhl für Polymermaterialien und Polymertechnologie, University of
Potsdam, 14476 Potsdam-Golm, Germany

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubMed, PMC, FSTA, CAPlus / SciFinder, Inspec, and other databases.

Journal Rank:

JCR - Q1 (Polymer Science) / CiteScore - Q1 (General Chemistry)
