

Special Issue

Advances in Renewable and Sustainable Engineering from the 5th International Conference on Sustainable Engineering Techniques

Message from the Guest Editors

The aim of this Special Issue is the same as that of the 5th International Conference on Sustainable Engineering Techniques (ICSET) (<https://www.icset24.org/>), which is to communicate cutting-edge findings and information related to the study and advancement of Sustainable Engineering Techniques.

- Sustainability and green technologies: green technologies, waste management, smart cities and sustainable and smart agriculture systems.
- Renewable energy and power systems: renewable energy, power generation, power systems, and energy efficiency.
- Environmental engineering: sustainable development and environmental protection.
- Chemical engineering: aspects related to chemical processes, and innovations based on renewables and sustainability.
- Materials engineering: materials science and engineering.
- Civil and structural engineering: infrastructure development, construction, structural design and efficient structural materials.
- Mechanical engineering: mechanical systems, energy storage, and waste heat utilization.
- Applied sciences: advancements in chemistry and physics.

Guest Editors

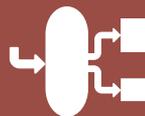

Prof. Dr. Iqbal M. Mujtaba

Prof. Dr. Wadhah Amer Hatem

Dr. Mudhar Al-Obaidi

Deadline for manuscript submissions

30 March 2025

About the Journal

Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Giancarlo Cravotto

Department of Drug Science and Technology, University of Turin, Via P. Giuria 9, 10125 Turin, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Chemical) / CiteScore - Q2 (Chemical Engineering (miscellaneous))
