Recent Advances in Natural Bioactive Compound Valorization

Message from the Guest Editor

This Special Issue on “Recent Advances in Natural Bioactive Compound Valorization” aims to present novel advances in the valorization of natural bioactive compounds. Topics include, but are not limited to:

- Examining the phytochemical composition of plants;
- Extractions of natural bioactive compounds;
- Investigations of bioactivity of food and food waste rich in natural bioactive compounds;
- Potential utilization of natural bioactive compounds;
- The development of value-added products with natural bioactive compounds.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717). *Processes* is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief
