

Special Issue

Selected Papers from “International Proteomics Conference 2017–Proteomics in Biotechnology and Life Sciences”

Message from the Guest Editors

The International Proteomic Conference in conjunction with the 4th Asia Oceania Agricultural Proteomics Organisation Conference will be held in Kuala Lumpur, Malaysia from 15 to 17 August, 2017. The theme for the conference is “Proteomics in Biotechnology and Life Sciences” which aptly represents the current state of proteomics technology that is applicable in all aspects of biological sciences. Therefore, in this conference, we will cover topics related to proteomics that range from agriculture to biomedical sciences. The aim of the conference is to provide a platform for knowledge exchange, networking, as well as information and technology sharing among distinguished proteomic researchers from all over the world. For details, please visit <http://ipc2017.weebly.com/> Participants of the conference are cordially invited to contribute original research papers or reviews to this Special Issue of *Proteomes*.

Guest Editors

Assoc. Prof. Dr. Chiew Foan Chin

Prof. Dr. Setsuko Komatsu

Prof. Dr. Fook Tim Chew

Dr. Jameel R. Al-Obaidi

About the Journal

Message from the Editorial Board

Proteomes is an international, peer-reviewed, open access journal that was first published in 2013 by MDPI. *Proteomes* addresses all aspects of proteome analysis with a special focus on the quantification and characterisation of the proteome at the level of proteoforms. We encourage submission of articles that accurately quantify and characterise the proteome, as well as new and updated methods and technologies that enhance the accurate quantification and characterisation of the proteome and thereby provide evidence directly facilitating the understanding of biological mechanisms. Articles emphasising a multi/transdisciplinary approach combining different omics techniques are welcomed.

Editors-in-Chief

Dr. Matthew P. Padula

School of Life Sciences and Proteomics Core Facility, Faculty of Science, The University of Technology Sydney, Ultimo 2007, Australia

Prof. Dr. Jens R. Coorsen

1. Department of Biological Sciences, Faculty of Mathematics and Science, Brock University, St. Catharines, ON L2S 3A1, Canada

2. Ronin Institute, Montclair, NJ 07043, USA

3. Institute for Globally Distributed Open Research and Education (IGDORE), Catharines, ON L2S 3A1, Canada

Author Benefits

High Visibility:

indexed within Scopus, ESCI (Web of Science), PubMed, PMC, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Biochemistry and Molecular Biology) / CiteScore - Q2 (Clinical Biochemistry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 34.2 days after submission; acceptance to publication is undertaken in 3.8 days (median values for papers published in this journal in the first half of 2024).
