

Special Issue

Biotechnology on Sustainable Agriculture

Message from the Guest Editors

This Special Issue welcomes original research articles and reviews, offering a broad spectrum of themes related to sustainable research in agriculture. Research areas may include (but not limited to) the following:

- Organic Farming: studies on organic farming practices and their impacts on agri-food quality and environmental sustainability.
- Sustainable Soil Management: studies on sustainable soil management, including soil health, conservation, and regeneration, to support long-term agricultural productivity.
- Water Management: investigations into efficient water management practices, including irrigation technologies, to conserve water resources and minimize wastage.
- Integrated Pest Management: studies on integrated pest management that reduce the dependency on chemical pesticides and promote natural pest control methods.
- Biotechnology in Agriculture: exploration of biotechnological innovations and applications in agriculture, focusing on crop yield, agri-food quality, and sustainability impacts.

We look forward to receiving your contributions.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
