

Special Issue

Innovative Development and Application of Sustainable Management

Message from the Guest Editors

The aim of this Special Issue is to encourage researchers to publish experimental, computational and theoretical research related to management science, social science, manufacturing, lean management, greenhouse gas management and humanities, in order to promote the development of society's application and understanding of sustainable operations in various fields. For this Special Issue, we are calling for submissions related, but not limited, to the above topics. Papers that may contribute to a better understanding of sustainable practices, plans and strategies are invited. In this Special Issue, original research articles and reviews are welcome. Research areas may include (but are not limited to) the following sustainability themes:

- Sustainable applications of innovation and invention;
- Sustainable management of service and operation;
- Sustainable manufacturing;
- Sustainable information technology development and application;
- Sustainable management decision analysis and application;
- Sustainable marketing management;
- Sustainable retail and distribution management;
- Sustainable transportation;
- Industry data analysis and application.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
